fwded  
19 Mar.*

Chief, Electrical Equipment Branch, ORR

Request for Requirements, ORR 10692

This Office requests that the following information be obtained from the above referenced source:

1. All information available on the production, by types and quantities, of radio-relay communications systems, related equipment and component parts. Information should include description, application, quantities produced, distribution of products, and costs.

2. Specific information on quantities produced and distribution of those units on which metal parts had been tropicalized.

3. Any information regarding future plans for production of microwave equipment.

4. Any information on the production of radar equipment at the Standard Plant or any other Soviet Bloc plants with emphasis on the following:

- a. Quantity produced.
- b. Description of sets and electrical characteristics.
- c. Costs and selling prices.
- d. Names, code names, and type numbers of radar sets.
- e. Names and locations of associated plants and suppliers.

5. An estimate of the number of radar sites in [REDACTED] and the type of equipment at each site or at a typical site.
